Year 1 Science Knowledge Organiser Summer Term 2023

This Seasonal Changes unit will teach your class about the four seasons. Children will observe, measure and record the weather as across all four seasons. They will also observe changes across the seasons by exploring the signs of spring and summer through nature and wildlife. A range of learning activities are used in this unit, including observation, discussion and learning outside. Children also work scientifically by collecting, recording and interpreting simple data.

| Key Vocabulary | |
|----------------|----------|
| seasons | Spring |
| Summer | Autumn |
| Winter | daylight |
| sunshine | weather |

| The Four Seasons | |
|---|--|
| autumn September October November | winter December January February |
| spring March April May | summer June July August |

| Daylight hours each month: | | | | | | | | | | | | |
