

# Year 2 Science Knowledge Organiser Summer Term 2024

This term, in Science, we will learn what plants need to stay healthy. We will have the opportunity to carry out our own investigations into what plants need to grow well. We will also closely observe the inside of a seed and learn about the life cycle of a plant. We will also learn how plants look when they don't get the things they need. We will also learn how plants have adapted to live in different environments around the world.

**Key Vocabulary**

water shoot  
 germination sunlight  
 seed dispersal nutrition  
 temperature

## Plant life cycle
