

## Year 4 Autumn Half Term Homework

By the end of Year 4 you are expected to know all the multiplication tables up to 12x12.

If you can learn the 36 Essential Facts (overleaf), you will be able to answer all tables questions.

How many of these facts do you already know?

Practise over half term and see how many you can learn by memory.

This website has lots of information and great ideas to help you learn the times tables.
